### **Project:**

“Solidarity Youth and Action” is a project aiming at promotion of international voluntary service and its values such as intercultural learning, active citizenship of youth, solidarity and sustainable development. Our association’s activities include organizing and coordinating various voluntary projects in Poland. We do long-term programs such as [ESC](#) and [ICYE](#) but also short-term such as [workcamps](#). We cooperate with local ngos, libraries, kindergardens, schools, social centers. We also recruit and send polish volunteers abroad to join variety of projects all-around the world.

We would like to welcome ESC volunteer who would join our activites and help us mainly in promotion and communication. The project can be an opportunity to get to know work in NGO sector, get in touch with volunteers from all-around the world and get to know Poland.

### **Hosting organization:**

The project is hosted by Stowarzyszenie Promocji Wolontariatu, a Polish non-governmental and non-profit organisation whose aim is to promote intercultural education, understanding and peace through voluntary service. Since it was established in 1993, SPW has been active in the field of voluntary service and particularly committed to international youth exchange programmes. Throughout the years, SPW has developed and successfully carried out a considerable number of volunteer projects with special regard to short-term summer projects - workcamps, and long-term programmes lasting 6-12 months. Each year about 150 foreign volunteers participate in SPW's summer workcamps and 5-10 in long-term projects. SPW is a member of the [Alliance of European Voluntary Service Organisations](#), [ICYE](#) and [CCIVS](#).

### **Work:**

Volunteer will work mainly in association’s office in Warsaw. We can propose following tasks:

1. Creating content for social media (facebook and instagram).

We expect volunteer to work on that on day-to-day basis, creating posts, scheduling them and analyse data. We would like to build our follower base and create engaging content. We expect volunteer to follow our strategy but also to come up with own ideas and execute them.

2. Creating audiovisual content.

Depending on volunteer's skills, interests and preferences we would like volunteer to create infographics, folders, short videos, podcasts, etc.

3. Communication with volunteers (email, social media, live)

Communication with polish volunteers going abroad and working locally but also foreigners coming to Poland. Also communication with partner organisations from abroad.

4. Taking part in trainings and meetings.

We would like volunteer to help us during various trainings for volunteers but also organize informal meetings for them.

5. Taking part in workcamps.

During summer season we would like volunteer to take part in some workcamps as a group leader.

### Volunteer profile:

The project is suitable for someone who:

- Likes people and making new contacts,
- Has good communication skills,
- Likes social media and is familiar with facebook and instagram,
- Is creative.
